The future is volumetric.

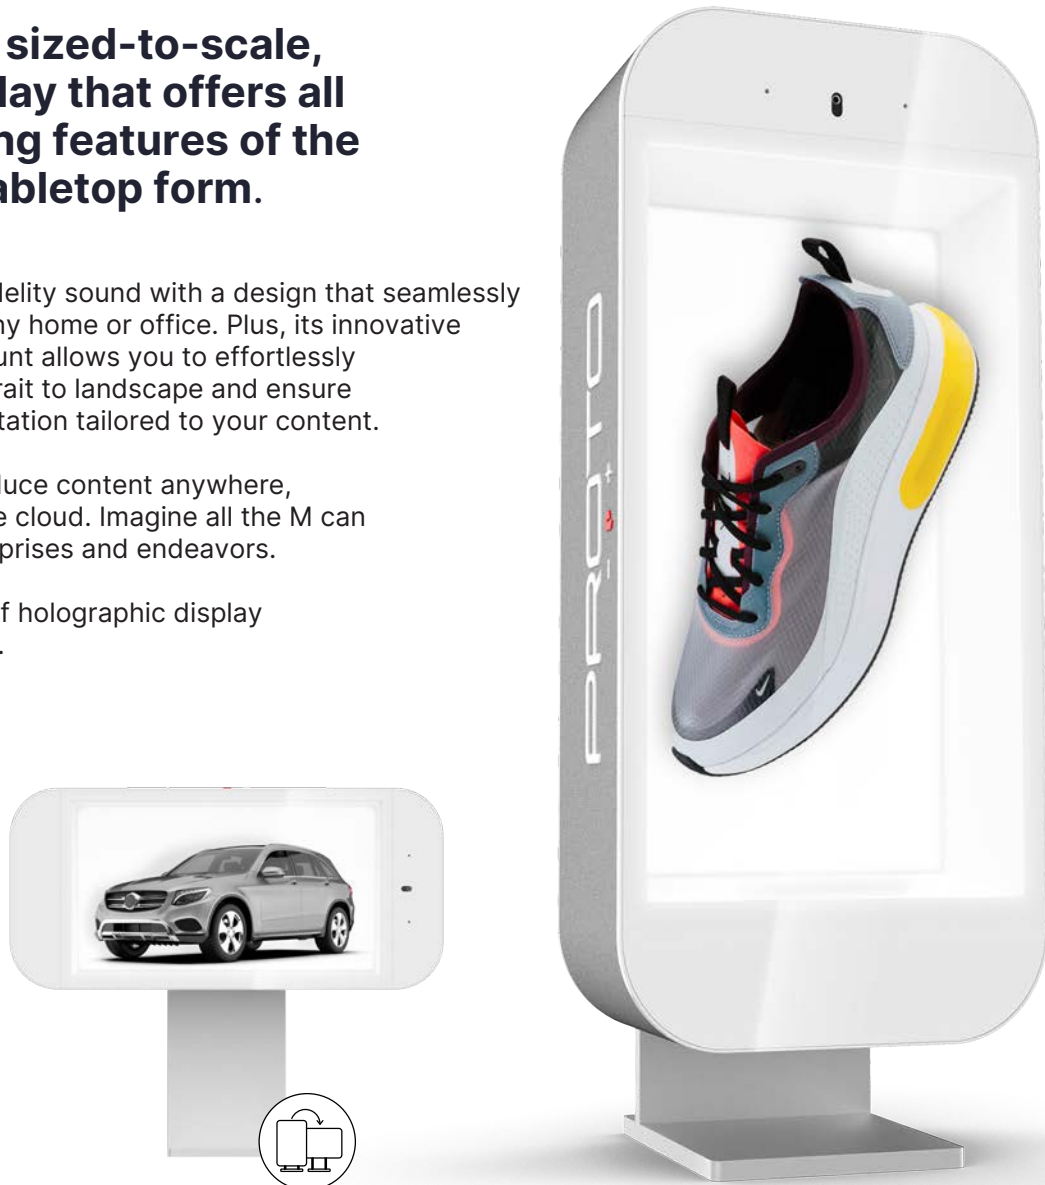

High Density, multitouch and crystal clear.

The M is a sized-to-scale, sleek display that offers all the amazing features of the Epic in a tabletop form.

It has the high fidelity sound with a design that seamlessly integrates into any home or office. Plus, its innovative reorientation mount allows you to effortlessly switch from portrait to landscape and ensure the perfect orientation tailored to your content.

Beam and reproduce content anywhere, anytime, from the cloud. Imagine all the M can do for your enterprises and endeavors.

Take the magic of holographic display wherever you go.

Where to use the M

Prepare for a paradigm shift in company trainings, customer support digital signage, amongst so many other new ways to connect.

Retail

Showcase products and interact with clients like never before.

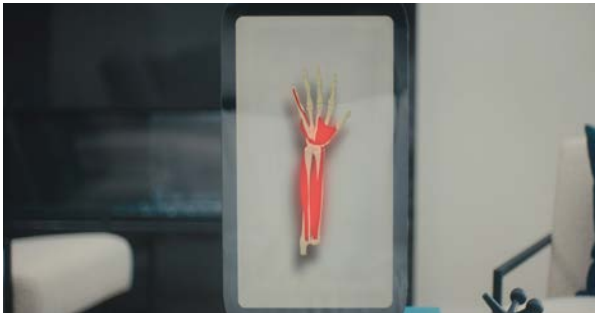

Communication

Connect with friends and loved ones as if they were there in person.

Healthcare

Add real value to patient & doctor experiences.

Hospitality

Impress your guests and create memorable moments.

Entertainment & Live Events

Holographic experiences, sale points, pop ups and activations.

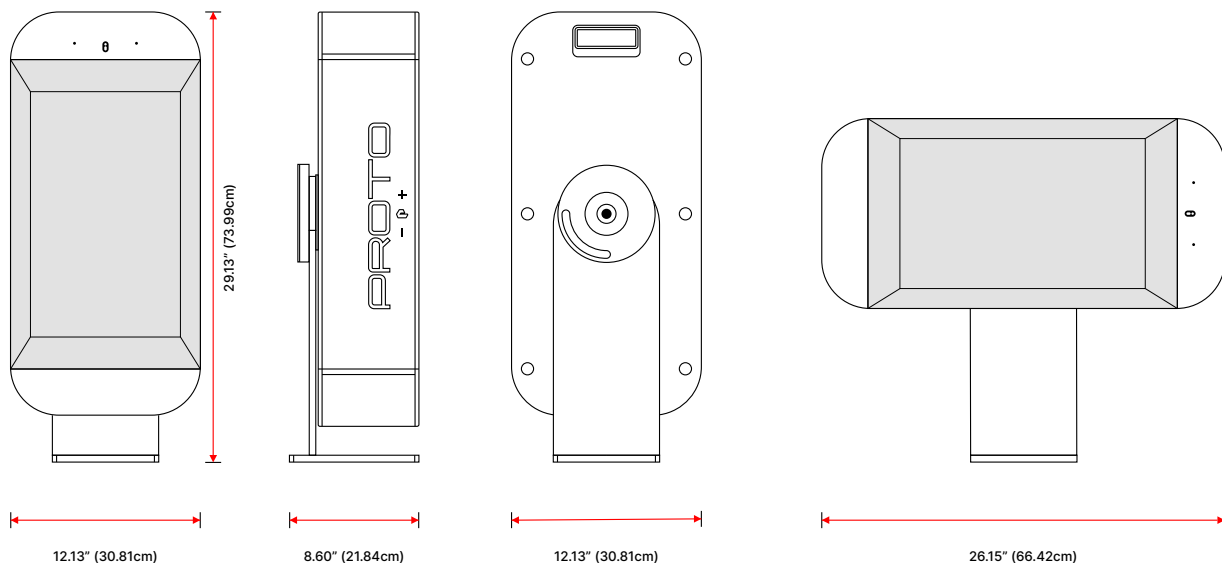

Art & Galleries

Showcase digital art, NFT collections, trading cards and more.
